The
SOUTHERN WAY

**Welcome to the 2011 catalogue from Noodle Books,
(Kevin Robertson), we do hope you will find something of interest.**

Our flagship series 'The Southern Way' continues apace, four issues per year with additionally, at least one special per annum.

All our own titles are sent Post-Free in the UK. Overseas we will deduct the price of UK postage from the order. Please note, due to an almost 50% increase in sending paperback titles overseas from April 2010, a revision of overseas rates will have to take place from April 2011.

In addition to our Southern Railway base, we also publish books on other UK railway subjects, as well as a selected number of classic reprints.

None of our titles will ever appear in any book-club nor be remaindered.

Highlights for 2011 include a further instalment in Antony Ford's acclaimed Pullman series, a wonderful offering on railway construction featuring the Meon Valley Line, several choice photo albums - both colour and black & white, and an extension to another series: 'Impermanent Ways - Sussex', the last named by Jeffery Grayer.

We aim to despatch orders within 24 hours. Payment is welcomed by most credit and debit cards.

Please note, prices and specifications are given in good faith but are liable to change without notice.

The prices shown in this catalogue are as per the 0% VAT rate applicable to books in September 2010. Unless otherwise stated, all titles are p/back.

Your details are also safe with us. We will never pass on your address, e-mail, or telephone details to any other party.
